

ers and current collegiate players from schools like Oakland University, Michigan State University, University of Detroit, Western Michigan University, and University of Louisville. With great goal tending, steady defense, crafty offense and great depth with the reserve and open teams, the first team was able to win many important games this season.

This team had an overall record of 22W, 4L, and 1T...85 Goals For and 29 Goals Against. This first team was State Challenge Cup Champs, MPSL League Champs, runner-up in the Donauschwaben Tournament, US Amateur Cup state semi-finalists, and just recently won our state qualifying game for the 2005 National Open Cup.

I look forward to this upcoming season as we look to build on the previous success we have had. With the talent and dedication of this team, I have great confidence in achieving our "goals" for success. **Tom Lehrer**

Girls U-9

It was a privilege to be involved with these young ladies. This team was new, never having played together. In the beginning, they were nine separate entities, but by the end of the season, became a well oiled machine. These players worked hard at each and every practice. In the end, the hard work paid off as the girls finished strong with a 4 – 3 – 1 record.

Boys U-12

This fall season was very successful for this group of

fine young men. This season began with a very good showing at the Cherryland Festival in Traverse City. Both the players and their parents had a great time. After the tournament, it was time to get geared up for the season. Anybody who has seen these boys practice knows that nobody works harder. Once the season began, all the hard work paid off. After two early losses, the team came back and was unbeaten in their last twelve games, including a tournament victory in Mansfield, Ohio.

Coach Bruce Wilden

2004 Kickers over 30 B Year Summary

This year was my first year managing the team. We had a very rough start to the season, losing our first five games, but we then rebounded going 3-1-1 our next five.

Unfortunately injuries mounted and we finished with 4 straight tough losses to finish the year in seventh place.

We were in Division 2 but will be relegated to Division 3 next year. With some improvements, we hope to win division 3. **Manager – CARL J. WEISMAN**

U-13 Girls

Well it has been an interesting year. In the spring 2004 it was my first outdoor season coaching a Kicker U-12 Girls team. I had brought a few dedicated girls from Saint Clair County with me from the Blue Water Lakes, but we needed about ten to eleven more girls to fill the team. Some how by the spring season we did it. The spring outdoor season started and finished well, we finished undefeated and in 1st place in the Red Division. We only allowed 2 goals in twelve games, what an accomplishment. Then came the fall season in the Blue U-13 division. We played well at times, but the competition was at a much higher level than the Red Division. We struggled all year and only managed to tie one game, but I have to give the girls credit for hanging in there and playing and practicing hard for the entire season. We were going to take a break from the 1st indoor season and start up again in January, but I had a lot of girls that wanted to continue playing. Obviously, I decided to take my team to Total Soccer in Fraser (which started in late October), imagine that! Go Kicker U-13 girls, we had Fun!! **Richard Kern**
