

## U-13 Gold

The Carpathia Gold U13 Team welcomed new players Jacob Young, Jon McAfee, Connor Wilden and Andrew Smith this season. What a great addition to our team! Unfortunately we had some injuries during the season that left us without some players at some games. This season, the boys had the chance to play all their games at the Club Field. What once seemed like an endless sea of grass and only allowed the boys the small chance to shoot on goal during half time of the “big guys” game, now became their home field. Many of the other teams commented on the condition of the field and the Club’s atmosphere. Although the field size was much bigger than what they were used to playing on – they adapted their game and played quite well! The team played in two tournaments prior to the fall season. Traverse City was an enormous amount of fun and allowed the parents time to get to know each other as well as the team to bond. When the Rome Peach Festival came around, on what was one of the hottest days, the team played three outstanding games. Each player on this team offers something unique to the team as well as the game.
