## Over 50 Years of Soccer Excellence

Established 1952

### “MORE THAN JUST A SOCCER CLUB”

The Carpathia Kickers are very proud of their rich soccer heritage. Since our inception in 1952, the organization has been founded on the basis of teamwork, tradition, and the promotion of excellence in the game of soccer. Over the past 50 years we have been a member in good stand with every league, association, etc. that we have been affiliated with. We are one of the only Clubs in Michigan that offer soccer programs from youth through adult. Our facilities; fields & Club, are second to none. If you are looking for a true Club where your child can grow, then this is the place for you.
